# ANNUAL REPORT OF GIVING

2021

# MISSION

The mission of the +421 Foundation is to foster relations between the American and Slovak nations. The foundation's foremost goal is to establish communication and mutual appreciation of the two countries. Our signature events, e.g. the annual Slovak Fashion Night or the Velvet Revolution Party, have helped us to succeed in integrating Slovakia into the minds of people in America, both the Americans and the Slovaks living abroad.

This great accomplishment would not be possible without the generous support of our sponsors and volunteers who all have contributed to fulfilling the mission of the +421 Foundation. We would like to extend our heartfelt thank you to the donors whose donations amounted \$100 and under. Due to the limited space we were unable to enlist all the names. Please note that your contributions of any amount are vital to the +421's success.

This document includes gifts made in the calendar year 2021 from individuals and corporations. We have worked very hard to make sure this list is correct, however, if there are any errors or omissions, please accept our apologies and contact our office to let us know. Thank you again!
